

Travelling Off The Beaten Track Checklist

- Are your vehicle and RV suitable and in reliable condition?
- Are the roads on which you intend to travel suitable for your particular vehicles?
- Do you have sufficient time for the trip?
- Are the seasonal conditions suitable for your intended travel?
- Have you checked with the relevant organisations or departments if there are restrictions for the areas you want to enter or travel through?
- Do you know where to find details about road conditions?
- Have you obtained suitable information from the CCIASA, RAA or SA Tourism?
- Have you decided where to camp?
- Do you have a First Aid Kit?
- Has your vehicle and RV recently been serviced?
- Have you determined if any special vehicle preparation is needed?
- Do you have the required tools and spares?
- Do you have emergency supplies for several days?
- Have you provided friends or relatives with an itinerary of your journey?
- Have you had the communication equipment checked recently?
- Do you have alternatives in case the roads are not accessible?
- And most importantly – Do you have your camera ready?

In addition to the ones above, there are also the normal checks like filling the gas cylinder and water tanks that are relevant irrespective of where you go.
